Recognition of Prior Learning RPL and Credit Transfer CT

Credit Transfer

If a certificate or statement of results is produced and verified, a credit transfer process will be initiated by OIC (Orange International College) in relation to the units as per the training plan.

"Credit transfer is a process that provides students with agreed and consistent credit outcomes for components of a qualification based on identified equivalence in content and learning outcomes between matched qualifications." (Source: AQF)

RPL/RCC

At enrolment of all learning programs OIC's code of practice states that all candidates for assessment will be offered RPL. This is reiterated in the student handbook and acknowledged in writing.

RPL is an assessment process that assesses an individual's non-formal and informal learning to determine the extent to which that individual has achieved the required learning outcomes, competency outcomes, or standards for entry to, and/or partial or total completion of, a qualification.

Qualification

On successful completion of this course the learners are going to be awarded Diploma of Building and Construction (Building) CPC50210, which is a nationally recognised qualification. The learners may use this qualification as part of their application to become a Licensed Builder with the Building Authority of the respective state or territory. Builder licensing varies across Australia and additional requirements to attainment of this qualification may be required.

Students who do not complete all units may be eligible for a Statement of Attainment in partial completion of the Diploma of Building and Construction (Building) CPC50210.

Pathways

Training Pathway (but not limited to)

Following are the suggested training pathways after successfully completing CPC50210 Diploma of Building and Construction (Building)

Certificate IV	Diploma	Advanced Diploma
